

## **BUDOKAI MARTIAL ARTS RISK ASSESSMENT Rev 1.0**

## General risk assessment:

- A thorough program of warm up exercises carried out at beginning of every session.
- Control of numbers in the hall at any one time exercised by the coach in charge of the session.
- Any student with a potentially serious medical condition or who is feeling unwell should alert the coach to this prior to the session.
- All accidents / injuries must be reported to the coach who will provide first aid cover; contact the emergency services where required and completes an accident record form.
- All instructors are first aid trained (including CPR).
- First aid box carried in the instructor's bag and accident record which can be found in the coaches' manual.

HAZARD	CONTROL MEASURES IN	RISK FACTOR	FURTHER CONTROL
	PLACE		MEASURES
Strained or torn muscles and ligaments through improper warm up.	Thorough warm up with instructor using correct warm up techniques.	Low/Medium	Late comers are kept to one side and are warmed up by being introduced to the lesson for gentle training until warmed up.
Dislocation of joints, specifically toes.	Thorough coaching with correct techniques.	Low	Damaged mats or floor areas are to be removed or replaced if necessary. Please notify the coach of any defects.
Bruising to arms, legs	Partner work is not to be	Low	N/A
or torso caused by	taught at after school clubs.		
blocking or falling.			
Broken facial bones	Partner work is not to be	Low	N/A
due to excessive contact whilst training with partners.	taught at after school clubs.		
Concussion caused through excessive contact with partners or as a result of a fall in class.	Partner work is not to be taught at after school clubs.	Low/Medium	Occasionally, break falls may be taught in class. Attention should be paid to the age and ability of the students partaking in this activity.
Loss of teeth caused by excessive contact to the mouth whilst training with partners.	Partner work is not to be taught at after school clubs.	Low	N/A

Specific risk assessment:

	less well conditioned people		
	and is generally alleviated by		
	improved physical condition.		
	Nausea can also result from		
	eating a large meal too soon		
	before training.		

Dehydration.	Large quantities of fluid can be lost during strenuous exercise, particularly in hot weather. It is important to ensure adequate hydration before training and to rehydrate adequately when training is over	Medium	There is always a drink break at the half way point during the class.
Seizure through contra-indications or over exertion.	Coaches are to advise novices of physical exertion levels that will be encountered and so provide reasonable recovery periods during training, particularly after demanding elements of training.	Low	The enrolment form also includes a section on medical history for each student.
Enrolment of novices with no prior experience into the club.	Novices instructed to follow directions by the relevant club coach.	Low	The syllabus will be adhered to with respect to the techniques taught to novices to ensure they are not doing something that is technically too difficult for them.
Qualifications / Registration and Insurance of instructors.	All our coaches are insured with and full members of Sports Coach UK as endorsed by Sport England. Not only that but all instructors are registered with WAKO and all fully insured.	Low	It is the responsibility of the coaches to ensure that their Insurance details are kept up to date and are supplied to the management team of Budokai Martial Arts on an annual basis.
Lack of qualified instructor at each session.	There will always be a qualified coach at each session.	Low	If for whatever reason, the coach cannot attend a particular session the school will be notified as soon as possible that the club will have to be cancelled or an alternative coach will be provided by agreement with the school.
Specialist and safe equipment.	There is no specialist equipment used for after school clubs.	Low	N/A
Spectator injured by collision with or being landed on by a member.	From time to time a parent may wish to stay and watch their child's first class. Spectators are warned of possible collision with members while they are training.	Low	N/A

Lack of knowledge of new members medical conditions.	New members are told to report any medical conditions to the coach.	Low	The enrolment form also includes a section on medical history for each student.
Fire.	Club coaches to familiarise themselves with the fire procedures for each school in which they instruct. This includes, but not limited to, nearest exit and evacuation assembly points.	Low	
Facility issues eg faulty lighting, heating, ventilation mats etc. which could result in an accident and/or injury.	The coach must notify the relevant person in charge of the hall for any facility faults which need repair.	Low	Due to the schools generally employing a caretaker this is a negligible risk.
Competitions. Regional, national and international.	Budokai Martial Arts do not currently enter after school club members into competitions.	Low	N/A
